Hi Alanna,

I spoke with CCC membership today. At this point, we only have one meeting per month, and need to preserve that time to work on existing CCC priorities. I will, however, forward your email and distribute a list of announcements at the meeting, and will ask them to contact you directly. I would encourage you to reach out to our member organizations as well.

Best,

Maggie

Hi Maggie,

Thanks for taking the time to discuss sharing the information about Portland Harbor with communities that we are seeking to bring to the table. Let me know about the briefing the Coalition leads – we can shorten to 10 minutes, but it is important that we have a brief time to introduce ourselves and let them know, in person, what our ask is for the project. We would like to hold informal meetings with the communities Coalition members represent. It would be efficient to make that ask during the meeting and answer any questions. We hope the Coalition can support this effort.

I appreciate the contact list you've provided. However, I look to hear back on EPA joining the Coalition briefly to discuss Portland Harbor and our outreach effort.

Alanna
